Rising To The Occasion

Holmes Lumber has elevated the visual statement of a staircase to one of grand elegance. Today's discriminating home and business owners know that their choice of balusters is so much more than a point of detail, it is the pivotal decision that completes a carefully-planned interior design.

If ascending your staircase is to be a special occasion, rise to that occasion with Elegant Rise or Structural Rise balusters from **Holmes Lumber.**

Linear Post to Post

Elegant Rise

Elegant Rise balusters are created in sets of three for each step. Measuring 34", 38" and 42" in height, their lower one-third "base" is proportioned to create a smooth, flowing line in ascent.

Structural Rise

Structural Rise balusters are available in 5 different turning lengths: 31", 34", 36", 39" and 42", and each set has bases of identical height to emphasize individual steps in your staircase statement.
